

NEWS RELEASE

Carefree Water Company Welcomes 14 New Customers

On Friday, April 29, 2022, the Carefree Water Company welcomed 14 new customers within the Tranquil Place subdivision. This is the first area to transition over from the Cave Creek water system as part of the Carefree Water Consolidation Project (WCP). This marks a milestone for the project which will bring all water customers within Carefree under one water umbrella – the Carefree Water Company.

The Water Company and all Town of Carefree officials who have worked tirelessly on this project thank the entire community for their support and patience as we work through the construction and transition portion of the project. By the end of 2022, we are expecting to have all 535 Carefree residents who are currently served water by Cave Creek to be transitioned over.

Please join us in welcoming Tranquil Place into our customer base. We appreciate the opportunity to serve all of the Carefree community!

Mayor Les Peterson “gets the water flowing” into Tranquil Place

Mayor Les Peterson, with the help of the Carefree Water Company Field Staff, “get the water flowing” into Tranquil Place.
