

## NEWS RELEASE

### Carefree Water Company Welcomes Ocotillo Ridge Customers

On Thursday, August 11, 2022, the Carefree Water Company welcomed 21 new customers within the Ocotillo Ridge subdivision. This is the largest area to date that has transitioned over to Carefree Water as part of the Carefree Water Consolidation Project (WCP). This marks another milestone for the project which will bring all water customers within Carefree under one water umbrella.

The Water Company and Town of Carefree would like to thank the entire community for their support of the project and their patience as we've worked through this large construction effort. Our goal is to have most, if not all, of the 535 Carefree residents who are currently served water by Cave Creek transitioned over by the end of 2022.

Please join us in welcoming Ocotillo Ridge into our customer base. We appreciate the opportunity to serve all of the Carefree community!

Ocotillo Ridge HOA President Dick Hartig congratulates Vice Mayor John Crane on a successful transition over to Carefree Water.

Dick Hartig cautions Vice Mayor Crane not to touch too many buttons at the Ocotillo Ridge Booster Pump Station #2!
